Ampelair Ventilator 150mm

Stainless Steel

Ampelair

Ampelair Ventilator 150mm

Greatly improves bathroom and toilet ventilation.

Make the change from static ventilation to FREE FLOWING AIR

- Wind-driven product that is guaranteed to fit a standard bathroom ventilation system **(flue size 150mm)**.
- Proven to be far more effective than static ventilators in removing stale air, dampness and odours.
- HASSLE-FREE INSTALLATION – Simply remove your existing flue cap and secure your new Ampelair 150 ventilator in place by using the self-tapping screw provided.
- Quality construction of stainless steel head with plastic collar.
